

Establishing a New Lawn

What sort of lawn do I want?

Choose the grass seed variety that best suits the site and future use of the finished lawn area. Factors to consider include irrigation or rainfall the site will receive, shade aspects, wear (ornamental or play area), and soil type (sand, loam, or clay). Refer to use guide below or consult your local Central Landscape & Garden Supplies yard.

Tournament Blend

Rustic Blend

	Species	Full Sun	Shady	Show Lawn	Play Lawn	Drought Tolerant	Tennis Court	Sowing Rate
<u>Tournament Blend</u>	Rye/Chewings
